The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**STREET LIGHTING DISTRICTS
ANNEXATIONS AND LEVYING OF ASSESSMENTS FOR
COUNTY LIGHTING MAINTENANCE DISTRICT 1687 AND COUNTY LIGHTING
DISTRICT LLA-1, UNINCORPORATED ZONE, AND EXCHANGE OF PROPERTY
TAX REVENUES FOR PROJECT NO. 86-603 (L024-98)
SUPERVISORIAL DISTRICT 3
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the enclosed Resolution of Intention to Annex Project No. 86-603 (L024-98) to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and to Order the Levying of Assessments within Annexed Territory for Project No. 86-603 (L024-98) for Fiscal Year 2005-06. The project is located on Sepulveda Boulevard north of Ohio Avenue in the unincorporated West Los Angeles area, as shown on the enclosed map.
2. Set a date for a public hearing regarding the proposed annexation of Project No. 86-603 and levying of annual assessments based on the Fiscal Year 2004-05 Annual Engineer's Report, which establishes assessments based on land-use type for all zones within County Lighting District LLA-1 for street lighting purposes, with a annual base-assessment rate of \$5 for a single-family home for the unincorporated zone.

3. Instruct the Executive Officer of the Board to cause notice of the public hearing by mail at least 45 days prior to the scheduled public hearing date of _____. The mailed notice will include assessment ballots.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the tabulation of assessment ballots submitted, and not withdrawn, in support of or in opposition to the proposed assessments for Project No. 86-603 and determine whether a majority protest against the proposed assessment exists within said territory.
2. If there is no majority protest against the proposed assessments, adopt the enclosed Resolution Ordering Annexation to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, either as proposed or as modified by your Board, and the enclosed Joint Resolution Approving and Accepting the Exchange of Property Tax Revenues resulting from annexation of territory to County Lighting Maintenance District 1687. The adoption of the Resolution Ordering Annexation shall constitute the levying of assessments in Fiscal Year 2005-06.
3. Find that the annexation, assessments, and property tax revenues are to meet operating expenses; purchase supplies, equipment, or materials; meet financial reserve needs and requirements; and obtain funds for capital projects, including the operation and maintenance of street lights necessary to maintain service within the proposed annexation area.
4. Instruct the Executive Officer of the Board to file copies of the enclosed Resolutions with the County Assessor, Ownership Services Section; and Auditor-Controller, Tax Section.
5. If the proposed annexation and levying of assessments have been rejected, and a majority protest exists, make a finding terminating the annexation, levy of assessments, and property tax transfer proceedings for that subdivision territory.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

These recommended actions are for the Board to: 1) Annex Project 86-603 (L024-98) into County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone; 2) Levy assessments in Fiscal Year 2005-06, on the parcel lying within the proposed annexation territory, based on land-use categories that designate usage units on the basis of benefits received; and 3) Approve the exchange of property tax revenues on behalf of the County of Los Angeles, County Library, Consolidated Fire Protection District, County Road District No. 3, County Flood Control District, and the Los Angeles County West Vector Control District (LACWVCD), whose service area is subject to the jurisdictional change.

County Ordinance requires the installation of a street lighting system by a developer. The proposed annexation, levy of assessments, and exchange of property tax revenues are required to provide the necessary funding for the future operation and maintenance costs of these street lights.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility, as this annexation, levy of assessment, and property tax transfer provides the funding necessary for the operation of new street lighting facilities within this annexed subdivision territory. It also satisfies the Goal of Service Excellence since street lights provide for the safety and security of people and property, as well as for the safety of the motoring public, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

The assessments are subject to the results of ballot tabulation for this proposed annexation area at the conclusion of the public hearing. Failure to annex the territory, levy assessments, and collect property tax revenues will result in the inability to operate and maintain the street lights as part of a County-administered lighting district and will result in property owners/developers remaining responsible for the operation and maintenance of the street lights.

Upon annexation, the ongoing operation and maintenance costs of the street lights within the area will be financed by the collection of ad valorem property taxes, supplemented by assessments annually approved by the Board. The annexation will

result in a minimal property tax growth transfer from the County General Fund, County Library, Consolidated Fire Protection District, County Road District No. 3, County Flood Control District, and LACWVCD.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

New developments are typically required to provide street lighting in accordance with applicable subdivision, planning, and zoning ordinances as a condition of approval. The County Lighting Maintenance Districts, formed pursuant to the Streets and Highways Code, Improvement Act of 1911, permits the County Lighting Maintenance Districts to collect ad valorem property taxes for the purpose of funding the ongoing operation and maintenance of street lighting facilities within the district. The County Lighting District LLA-1, formed pursuant to the Streets and Highways Code, Landscaping and Lighting Act of 1972, permits the County Lighting District LLA-1 to levy an assessment against benefited property owners for the purpose of providing supplemental funding for the ongoing operation and maintenance of street lighting facilities within the District.

With the passage of Proposition 218 (State Constitution, Articles XIIC and XIID) in November 1996, it became necessary to ballot the property owners prior to imposing or increasing a street lighting assessment for the operation and maintenance costs of the street lights. As a result, the legal provisions of the Landscaping and Lighting Act and Proposition 218 now govern the process for establishing street lighting assessments.

The Landscaping and Lighting Act of 1972 provides for the assessment of street lighting costs against the benefited properties within County Lighting District LLA-1 by any formula or method that fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by your Board on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. The same distribution method was used to compute the base-assessment rates shown in the Fiscal Year 2004-05 Annual Engineer's Report.

Pursuant to the requirements of Proposition 218, an assessment ballot and public hearing notice will be mailed to property owners within the proposed annexation area no less than 45 days prior to the date of the public hearing.

The assessment ballot, weighted according to the amount of the assessment paid by the property owner, will be tabulated at the conclusion of the public hearing. Only the ballot that is returned will be counted to establish whether a majority protest exists under the provisions of Proposition 218. The assessment cannot be levied if the returned ballot is opposed to the assessment, in which case, the assessment shall be abandoned, and the annexation and tax transfer proceedings terminated.

Proposition 218 requires that a public hearing be held at a regular Board meeting. The enclosed Resolution of Intention to Annex Project 86-603 and the Resolution Ordering Annexation of Project No. 86-603 and Levying of Assessments must be adopted to set a date for the public hearing. Your Board may delay your determination regarding the levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the assessment at the close of the public hearing.

Section 99.01 of the Revenue and Taxation Code provides that when an area is annexed to a special district for the provision of services that were not previously provided within the territory being annexed, the special district providing the new services is entitled to a share of the growth on the 1 percent ad valorem property tax generated in the area being annexed. That share is to be taken from the other agencies, except exempt entities, that are currently receiving a share of the property taxes in the area. The affected agencies must approve and accept the exchange of property tax revenues by resolution. For those agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency.

The LACWVCD has requested that they be listed as a "zero exchange" or "exempt" entity with respect to the exchange of property taxes between the LACWVCD and County Lighting Maintenance District 1687, as a result of the proposed annexation of Project No. 86-603 to the lighting districts and for all future project annexations. We do not recommend that the LACWVDC be granted "zero exchange" or "exempt" status. Property tax revenue is the primarily funding source for the lighting districts and all other special districts providing a service to an area. As provided under the provisions of Section 99.01 of the Revenue and Taxation Code, we recommended that your Board adopt the enclosed Resolution Approving and Accepting the Exchange of Property Tax Revenues on behalf of the LACWVCD.

Following the Board's approval of the annexation, levy of assessment, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the Government Code. The State Board of Equalization will approve the transfer of property tax revenue beginning in Fiscal Year 2005-06.

The boundary of the proposed annexation has been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the Government Code. A diagram showing the boundary of the proposed annexation territory is included with the Resolution of Intention to Annex Project No. 86-603.

The Streets and Highways Code (Sections 5821.3 and 22608.2) provides that a territory owned by a subdivider may be annexed to a lighting district if so provided by ordinance, without notice and hearing or filing of an Engineer's Report. The posting and publishing requirements and filing of an Engineer's Report for these subdivision projects are, therefore, not necessary.

The enclosed Resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

This project is exempt from the California Environmental Quality Act under Section 21080(b)(8) of the Public Resources Code and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines approved by your Board.
